

YEAR 3 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

Issue Number 31
28th June 2019

Our Learning Journey

We enjoyed our learning about food: we used scones to smell, describe their appearance and then say whether we liked them by tasting. We found out that the most popular was the cheese scones. Some of us even persuaded Mum to buy some and Susan had a cheese scone in her packed lunch!

We have continued to work on Mega cities and have learned why Brazil moved their capital city from Rio de Janeiro to Brasilia so they could create a city with parks and lots of space for their buildings.

Mia is very proud of making a dress for the summer in sewing club.

Our home learning pictures are now displayed and are fantastic – they are so different but all reflected the picture we chose.

Focus on Learning

Next week we will complete our story based on a myth.

In Maths, we will continue to reinforce our understanding of fractions.

We will be visiting our new teacher, for next year, for 3 mornings.

We will be thinking about the reasons why people move and link this to our Roman project.

Star Learners

Well Done to Charlotte for creating a very careful thought out painting, based on printing techniques.

Well Done to Esme, who tried very hard with finding fractions of small amounts using cubes to support her understanding.

Mr Good would like to say Well Done to Evie, Esme and Sophia who were specifically mentioned at the tennis fest, by the organisers, for showing support to others.

Reminders to Families

Please bring in your reading record as they are checked every day.

Thank you.
