

YEAR 3 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

Issue Number 14
6th January 2017

Our Learning Journey

We have all come back to school with smiles and cheeriness. We have enjoyed taking about our Christmas holidays and have used this experience for a writing focus. We have been able to include connectives, time connectives and paragraphs. We have completed them by using a personal comment.

We have outside PE on a Tuesday and the children will need trainers, socks, jogging bottoms, a fleece and a hat to help us keep warm. Most of us were able to take part this week. Please make sure PE kit is in school for next week.

We have begun to think of how we learn in the best way. We were surprised at how many children said they liked to solve puzzles.

Calculating distance jumped!!

The date for a drawing competition arranged by School Council has been extended until next week. This will now be the home learning for Beech Class.

Focus on Learning

Next week:

We will be using the expanded method for addition using 2 and 3 digit numbers.

We will be considering the importance of Stonehenge to early man.

Learning to write reports will be supported by football matches.

We will be learning about Moses and the Ten Commandments.

Star Learner

Well Done to Dexter who has settled very quickly into school. He has recorded a detailed recount of his Christmas and focused on accuracy in Maths.

Reminders to Families

All children need to bring in their reading books and records everyday. They are checked every morning. When you read with your child, please sign their book.

Please support the Toy Sale after school on Friday 13th January. Please bring in toys that are in good condition on Thursday 12th January.

Thank you
