

## Music

Play music with increasing control  
Play and perform in solo and ensemble contexts  
Use voice with increasing control  
Listen with attention to detail

This term we will be learning a new musical instrument, the ukulele, with Mrs Meyer. We will be singing songs and listening to different genres of music.

## Art

Learn about great artists in history  
Develop techniques; drawing, painting and sculpture  
Explore and produce creative work  
The children will be exploring the work of Escher and they will create their own geometric patterns. We will study the Bayeux Tapestry.

## DT

Generate, develop and communicate ideas  
Use a variety of tools and materials accurately  
Evaluate ideas and products against their own design criteria

We will link our learning with our history and children will be designing and making a Saxon village and jewellery.

## Geography

Using maps, atlases and globes  
Change over time of land use in UK  
Children will find out where the Anglo-Saxons came from and where they settled. We will explore the influence of the Anglo-Saxons on modern place names.

## PE

Swim competently and confidently over a distance of at least 25m  
Use a range of strokes effectively  
Through swimming lessons the children will develop a good swimming style and understand the importance of water safety.  
Apply tactics of attacking and defending  
To engage in collaborative physical activities  
The children will develop their skills through hockey and rugby.

Apply and develop a broader range of skills  
Children will be encouraged to consider their health and fitness and understand the effects on their body.

## RE

To understand what the Bible is  
How artists help us understand Christmas  
Children will explore why the Bible is so important to Christians. In the final weeks before Christmas the children will learn about this festival by studying works by artists from around the world.

## Year 4

## History

Can place local and British historical events on a timeline

Develop a secure understanding of the Anglo-Saxons and their struggle for the Kingdoms of England

Children will learn how and why the Anglo-Saxons invaded England. They will learn about the location of their settlements and how they lived.

The children will also learn about the discovery of Sutton Hoo and how architects use artefacts to find clues about the past.

## Computing

Use a variety of software on a range of devices to design and create content  
Learn how to use the internet safely

Children will be using software to explore and create geometric patterns. They will evaluate and edit their patterns.

Children will be learning how to code.

We will continue to ensure the children are aware and understand the importance of using the internet safely.

## Languages

Recall and pronounce a range of words accurately  
Appreciate and respond to songs, stories, poems and rhymes in French

Children will develop their French vocabulary and learn how to build sentences linked to the weather and transport. The children will learn how to express the likes and dislikes.
