

# YEAR 4 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

4th May 2018

## Our Learning Journey

We always enjoy D.T. when we focus on food technology and on Monday we were in the kitchen cooking cheese and vegetable frittatas. In class we learned how our eggs get from the farm to the shops, we even traced the eggs we were using in our cooking to the farm that they came from. We wrote instructions on how to crack eggs and grate cheese, both skills that we used when preparing our frittatas.

We did some drama in English, freeze framing parts of a short film clip. We stuck our photos on a timeline and wrote about the characters thoughts at those points in the film.

## Focus on Learning

Although next week is another short week, we shall be busy learning.

In English we shall be writing detailed character descriptions, focusing on the use of pronouns, subordinate clauses and adventurous vocabulary.

We shall be recognising and drawing line symmetry of shapes in maths.

## Star Learners

Poppy for her resilience at a tri golf tournament.

Well done!

## Information for Families

Enjoy the long weekend.

Mr Good and Mrs Meade
