

YEAR 4 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey O1932 842785

7th December 2018

Our Learning Journey

We have been learning about hygiene when cooking, how to crack eggs effectively and how to grate cheese safely. This all led up to cooking a healthy frittata with eggs, cheese and various vegetables.

We were really lucky during our Primary Robins lesson on Wednesday; we had visitors from an orchestra. They showed us instruments and demonstrated how they are played and what they sound like.

Focus on Learning

Next week we are going to practice our singing for the carol concert and will walk to church on Monday to practice there.

We shall be focusing on area in maths. We will be checking how we have progressed with learning our times tables, when we have a tables check in Times Tables Rockstars.

Star Learners

Jake, for linking his science learning to instruments in the orchestra.
Well done.

Information for Families

Enjoy the weekend.

Mr Good, Mrs Meade and Mrs Reed
