

YEAR 4 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

9th December 2016

Our Learning Journey

We have been depleted in numbers this week due to all the horrible bugs doing the rounds but that has not dampened our enthusiasm for learning.

We were asked to investigate the best material to use for sound proofing. We used I Pads and data loggers and several different materials with varied results.

We watched the KS1 nativity dress rehearsal on Wednesday and remembered when we were that small!

Singing has been a part of our week as we prepare for our Carol Concert next Tuesday.

Focus on Learning

We are hoping to use junk items for modelling on Monday please send in any plastic bottles, boxes etc. in to school.

In maths we shall learn about Roman numerals and also negative numbers.

We are all very excited about the pantomime next week!

Star Learners

Sophie, for remembering how to use an interesting sentence opener in her story.
Well done!

Information for Families

We look forward to seeing many of you at our Carol Concert on Tuesday.
Have a lovely weekend.

Mrs Harris and Mrs Meade
