

YEAR 4 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

10th May 2019

Our Learning Journey

Although we have had two short weeks at school, we have still been working hard. Learning about climate in geography, not the same as weather! We have been looking at various maps of the world to inform us.

We have been learning about angles in maths, some of us were using protractors.

We have also started to learn about symmetry. Using mirrors is really helpful for checking our work.

For your information

Next week during Times tables Rockstars we will be focussing on x8.

We shall continue to learn about symmetry in maths.

In English we shall be writing the narrative to go with the short film we have watched, 'The Piano'.

Star Learners

Imogen, for trying really hard in maths this week. Well done.

Information for Families

Enjoy the weekend.
