

YEAR 4 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

15th February 2019

Our Learning Journey

We are having such fun in our music lessons as we expand on our skills with the ukulele.

We have been busy in maths, finding fractions of amounts and adding and subtracting fractions. Knowing our times tables has made this much easier than we thought.

For your information

Maple class have been given a reading comprehension as home learning, to be completed over half term. For year 4 to make the progress we would expect this year it is really important that they start to make inferences from what they are reading and make sure that they really understand the content of their books. Asking questions about the books your children are reading will really help them to progress.

Star Learners

Kamran, for his work on fractions this week.
Well done.

Information for Families

Enjoy the half term break.
