

YEAR 4 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey O1932 842785

15th June 2018

Our Learning Journey

We really enjoyed the weaving we have been doing with Mr Good. Although some of us found this quite tricky we persevered and we are all pleased with the results.

We held trials for District Sports this week and a team will be selected shortly.

We have started to learn how to describe the weather in French and the types of clothes we wear in different weather conditions.

We have been using I pads and laptops to make an endangered species leaflet. We have discussed E safety and how important it is.

Focus on Learning

Next week we are starting a new topic in science, the human digestive system.

We shall continue to work on A Midsummer Night's Dream as we write our own modern versions of the story.

We are all looking forward to sports day and the different activities we shall take part in.

Star Learners

Tilly for working hard on her weaving.
Well done!

Information for Families

Please send your child to school with a water bottle.

Enjoy the weekend.

Mr Good and Mrs Meade
