

YEAR 4 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

21st June 2019

Our Learning Journey

Although we all made very different models for our science project on the digestive system, they were all really good; well designed and made. I'm sure you will agree they now look amazing on display.

This week we have been thinking of the future and what we might do for a career when we are grown up. We were very lucky and were able to meet people from a variety of occupations, that included a composer and a plumber, to ask them about their work.

For your information

Next week we shall focus on graphs in maths, being able to draw them and extract information from the data represented on them.

Our class assembly is on next Thursday 27th June at 9.15. We look forward to seeing lots of you then.

Star Learners

Grace, for using good vocabulary in a character description.
Well done.

Information for Families

Enjoy the weekend.

Mrs Meade and Mrs Cheney
