

YEAR 4 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey O1932 842785

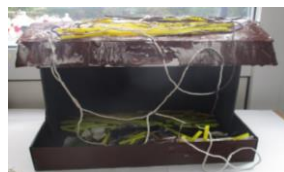

21st September 2018

Our Learning Journey

We have spent time on our times tables this week, finding out which ones we know and those we need to practise. We have started to use a new scheme called Times Table Rockstars, its fun and we get to listen to rock music as we learn our tables. We shall need to practise at home too, as we want to get really good at this!

We are enjoying Harry Potter and have been writing letters and compiling lists of equipment we might have to take to a magic school at the beginning of the year.

We are learning about what is important to the Anglo Saxons. We investigated why they didn't settle where the Romans had and how they made their houses. We created our own Anglo Saxon houses.

Focus on Learning

The children are all excited about our new Times Table Rockstars scheme. They all have a letter in their home learning books and a sticker with their account details. It is an expectation that by the end of year 4 all children know their times tables and the associated division facts up to x12. This scheme is a fun way to help them achieve this goal.

Star Learners

James for trying hard to explain his reasoning in maths. Well done.

Information for Families

Thank you for all the materials you sent in for our DT lesson - making Saxon houses.

Have a lovely weekend

Mr Good, Mrs Meade and Mrs Reed
