

YEAR 4 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey O1932 842785

23rd June 2017

Our Learning Journey

We were all surprised at the results of our science investigation. The egg we left in vinegar was now rubbery and bounced! Thank you to Toby's mum, who let us look at some casts of real teeth - very interesting. A shady spot was found for the bouncy castle for our sponsored bounce.

Focus on Learning

Hopefully the temperature will be more bearable next week!

We shall be focusing on perimeter and area in maths next week. We are trying hard to explain our reasoning about how we reach our answers.

We are starting a new unit of science; Living Things and Their Habitats.

Star Learners

Well done to Matthew King and Lucy for their commitment and help with the School Council sponsored bounce.

Information for Families

Have a lovely weekend.
Mrs Harris and Mrs Meade
