

# YEAR 4 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

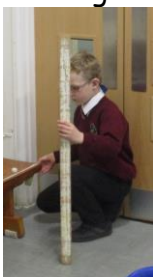

26<sup>th</sup> January 2018

## Our Learning Journey

The children thoroughly enjoyed our science days especially the workshop about Electric Racers.

In maths we have been measuring, converting units of measure and finding perimeter of rectangular shapes.

## Focus on Learning

Next week we shall continue to read our novel 'Butterfly Lion'. We shall look at what makes a good story opener and how Michael Morpurgo achieves this. We shall also be writing a balanced argument.

Our focus in maths will be fractions. Once again, for this area of maths, knowing our times tables will help us.

We shall be 'Meeting the Maya' in theme.

## Star Learners

Jess Bamber, for trying really hard with her handwriting.  
Well done!

## Information for Families

Have a lovely weekend

Mr Good and Mrs Meade
