

YEAR 4 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey O1932 842785

28th April 2017

Our Learning Journey

In maths this week we have been learning about angles and lines and properties of shapes. We sorted shapes with acute, obtuse and right angles and parallel and perpendicular lines.

On Wednesday afternoon we dodged the showers and walked to Holy Family School to watch a performance of 'In the Net'. The production highlighted the need for staying safe and being kind to people while using the internet. The characters were very funny and the children thoroughly enjoyed learning an important message whilst having fun.

Focus on Learning

Although next week will be a rather short one, we shall, as always, be very busy with our learning.

On Wednesday morning we are going to walk down to Addlestone Library. We are taking some of the artwork we have completed about the books we are reading for the Surrey Libraries' Book Awards so that it can be put on display.

Star Learners

Alfie, Lucy, Madison and Oliver for their great efforts at the tennis tournament.
Well done!

Information for Families

We are leaving school at 9.00am on Wednesday to walk to Addlestone Library. Please send your child with a waterproof coat.

Have a lovely weekend.

Mrs Harris and Mrs Meade
