

# YEAR 4 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

28th September 2018

## Our Learning Journey

We are enjoying our Rock Stars times tables and we are improving every day. In maths we have been concentrating on rounding whole numbers to 10, 100 and 1000.

Harry Potter has arrived at Hogwarts in English! We have described triggers into fantasy worlds and created new Houses for Hogwarts.

The sun shone for our PE lesson, when we honed our skills in hockey and tennis.

## Focus on Learning

We are very excited about our trip next Wednesday to Chertsey Museum. As we are not in school for our swimming lesson that day, Year 4 will swim on Tuesday morning next week only.

As we are having an Anglo Saxon day at the museum you may want to include some every day foods from that time in your child's packed lunch: piece of cheese, boiled egg, grapes, honey cake, water, and milk or fruit juice. As always, no fizzy drinks please. Children are to wear school uniform.

**Star Learners**

Jodie, for her work in maths on rounding to 10, 100 and 1000. Well done.

## Information for Families

Please remind your child to bring their water bottle into school every day.

Have a lovely weekend

Mr Good, Mrs Meade and Mrs Reed
