

YEAR 4 WEEKLY LEARNING

Ongar Place Primary School, Addlestone, Surrey 01932 842785

30th November 2018

Our Learning Journey

In maths we have been using our knowledge of the multiplication tables as we learn about factor pairs. We realise how learning our times tables is so important when we divide numbers. Some of us found that using Cuisenaire rods was really helpful when we were dividing.

We found that the art of storytelling like the Vikings and Anglo Saxons did is quite tricky. They did not read aloud from books but told stories from memory. We worked in groups to retell a story about a girl and a fox.

Focus on Learning

In art we are continuing to look at shading, applying different shading techniques to a drawing.

We shall be practising our 11x tables during our Times Tables Rockstars sessions.

Star Learners

Molly for being able to explain what made Alfred 'Great' in history.
Well done.

Information for Families

Enjoy the weekend.

Mr Good, Mrs Meade and Mrs Reed
