This Week...

In English this week we have planned and written a first draft of a retelling of a Robin Hood story but from a different perspective. We have also revised the use of parenthesis, using commas, to add detail and extra information.

Our Maths learning has been about using the protractor to not only measure but also draw angles. We have also learned about the properties of rectangles.

In Computing, we used a program called Flowol to learn about programming outputs using a flowchart.

The highlight of the week was Sports Day. We had a tremendous afternoon. Everybody took part to support their team. In the end the result was very close with Mandela winning by 1 point from Curie. Well done to everyone.

Last Friday we had fun at the dance-a-thon. We all danced for 30 minutes with Mr Fuller providing the lights and music. Please return any sponsorship money as soon as possible. Thank you.

Ambassadors of the Week

Toby — for taking great care with his art work.

Aron — for answering questions clearly in guided reading.

Information for Families

Next week will be hot so please bring hats, water and sun-cream.

Any problems with costumes please let us know a.s.a.p.
