Five Pillars of Islam

Thrillers And Mystery

This Week...

In English we have had a focus on writing. We looked into using vocabulary, sentence types and figurative language to describe settings and create a mood or atmosphere. We then tried to apply the same skills to introducing characters into a story. Finally, we planned and wrote a 1st draft of a mystery story. Next week, we will start to investigate the use of flashbacks as an interesting structural story device.

During Maths we have concentrated upon the equivalence of fractions, decimals and percentages. Next week we will start a short unit on Area and Perimeter.

Random numbers, variables and conditional statements have been the focus in Computing. We had to write code to create a 'chase' game - one user controlled character chasing a randomly moving character.

Ambassadors of the Week

Ben— successfully coding a simulation using computational thinking

Heidi — for being confident to calculate percentages

Information for Families

7/5—Bank Holiday

Please return Juniper Hall slips ASAP.
