

YEAR 5 LEARNING NEWS

Ongar Place
Primary School

Summer— 7th June 2019

Some pictures

This Week...

We learned about Salah in RE. Salah is one of the pillars of Islam. We designed a prayer mat to show the information about the importance of prayer.

In Maths we have focused on decimals until we move on. We have rounded decimals and reminded ourselves of column addition and subtraction by practising with decimals.

In English we have started to read *Carrie's War* as a class reader. We will use the story to explore the techniques of telling good stories. This week we have tried to show empathy for the children who were evacuees.

We have also returned to one of our favourite activities—sewing. As part of our celebration of 50 years of Ongar we have added designs and details to a leaf that will be incorporated in a larger 'tapestry' of the Ongar tree.

In PE this week we have continued to work on our dance for the production. Tick Tock! Outdoors, we practised our coordination, personal best, running and started to develop our cricket skills.

Ambassadors of the Week

Callum — who concentrated well on developing his use of commas and at adding and subtracting decimals

Jess B— Who gave excellent answers in her guided reading session

Information for Parents

Monday— District Sports

Friday—Fullbrook Away Day
