This Week...

This week has been a bit different. We have all visited our new classes and spent time with our new teacher.

Here's what we thought:

Kimi— Year 6 will be a chance for a fresh start

Becky— we loved our English Murder Mystery

Louisa—Year 6 will be a step up but it will be a good step.

Kieson— we will have a good teacher to help us with our learning.

On Wednesday some of us attended District Sports. We had a great time and looked fabulous in our new athletic vests.

On Friday we enjoyed a Science workshop. Peter from SATRO came and talked to us about Mega-Structures. We then faced a challenge to build a new stadium. This was a fantastic challenge; to learn about forces and how to organize and work within a team.

Ambassadors of the Week

Phoebe - for using charcoal to create a monstrous gargoyle.

Amy & Faye S — for taking on an extra dance in the production.

Information for Families

Rehearsals at Jubilee

Production Nights—Thurs & Fri
