pic-

This Week...

WOW! Another fantastic week. Everybody has taken part and enjoyed the activities. We had an exhausting Dodgeball session. We played many games with different rules and skills. We have learned skipping games. (What a great aerobic exercise!) We have played lots of indoor games including table soccer, finger soccer, Top Trumps, table tennis, darts and different Wii games. We were visited by the Guildford Flames who explained the game of ice hockey and the equipment they use. However, more importantly they spoke to us about the dangers of the abuse of legal and illegal drugs. One of the most fun team games this week was Footpool. On a giant 'pool table' we took turns to kick footballs into pockets. We had to think about angles quite a bit. Also, thanks to Waitrose we enjoyed some fruits. With them we discussed the importance of a healthy diet.

In between these times -

In English we have focused primarily on the accurate punctuation of direct speech and changing direct speech to indirect (reported) speech. We used a Peanuts comic strip to write some dialogue.

In Maths we have focused on the adding and subtracting of large numbers using formal methods. This has involved working with the capacities of world sporting stadiums

Ambassadors of the Week

Fran— showing excellent knowledge and contributions to discussion about drugs.

Information for Families

Thank you for signing planners and marking spellings.
