

YEAR 5 LEARNING NEWS

Ongar Place
Primary School

Spring 15th March 2019

Some pictures

Next Week

We will be learning

English — Acting Shakespeare & Parenthesis

Maths — Adding fractions

Geography— River features, grid references and map reading

DT— balanced diets, nutritional values

This Week...

In English this week we have been focusing on Macbeth. We have sequenced the events and started to analyse the main characters. Is Macbeth a hero or a villain? Was Lady Macbeth to blame? Did the witches control everything? We also learned about parenthesis.

In Maths we have been reasoning about fractions, trying to solve problems and explain the processes. We have also moved on to comparing and ordering fractions by finding common denominators.

In Geography we have meandered on to learning about rivers. We tried to sequence pictures of a river to learn about how rivers change from source to mouth. On this course we also met a lot of new vocabulary to describe features along the way,

Ambassadors of the Week

Lauren - who gave very insightful comments about characters in Macbeth

Rosie — who wrote an excellent newspaper report about the sword fight between Romeo and Tybalt.

Information for Parents

Thank you for supporting World book Day and Red Nose Day
We are now starting to go back on the field for P.E but it is still a bit muddy. A plastic bag to put trainers in after the lesson will help to keep the kit clean.
