This Week...

In English we have been focused on being able to tell a story from a different point of view. Concentrating on the famous archery contest in the legend of Robin Hood we have written a diary from the view point of a different character and we have planned to retell the story from the view of the Sheriff of Nottingham.

Our Maths learning has focused on the calculation of angles. We have had to use our knowledge of angles to solve problems.

In Computing, we learned about how algorithms can be expressed visually using a flowchart. We learned about the symbols used and drew a flowchart to represent an algorithm for crossing a road.

Art was very exciting as we planned an abstract Egyptian piece of art. We used a limited number of colours and symbols to produce simple and bold artwork.

For History we finished our Bayeux Tapestry sequence and learned about castles. We answered questions like: When, why and who built castles?, What features did castles have?, Are there different kinds of castle?

Ambassadors of the Week

Leighton — for always trying to use learned vocabulary when speaking French.

Alfie— showing real focus to improve the quality of his writing.

Information for Families

Next Wednesday - Sports Day
