

YEAR 5 LEARNING NEWS

Ongar Place
Primary School

Autumn 16th November 2018

Some pictures

On Monday, please can children come to school dressed in their P.E kit as we are leaving straight away for Royal Holloway. Remember to be prepared for the conditions.

This Week...

We have designed adverts in English that have used different persuasive effects to sell a product. We have also learned about how to write a persuasive letter and planned to write a letter that will convince people to recycle.

In Maths we have been reading, interpreting and analysing tables and timetables. We have looked at bus and train timetables.

During Primary Robins we started to prepare for Christmas by singing carols. We learned about staggering our breathing.

In Science this week we learned about the motion of the planets by researching the discoveries and work of Galileo and Copernicus.

We really enjoyed having Mrs Sewell back during games. We had a great session.

Finally, on Friday we learned with our parents. We continued learning about staying safe online, writing exciting sentences and solving maths problems. In the afternoon, from some visitors, we learned about the problem of air pollution.

Ambassadors of the Week

Lauren — showed excellent map skills when finding out about the Shang Dynasty

Thomas — who focused well when learning about reading tables in Maths

Information for Families

Community Activity Day—19th November

Bikeability—22 November
