This Week...

In English this week we have focused on reading reports. We have tried to identify the features of reports that help the reader understand the content. We have also learned about parenthesis and punctuating them with brackets, dashes or commas.

In Science we have used the internet to research the life and work of a naturalist. Steve Irwin, John Muir, Charles Darwin and Diane Fossey are just a few people we researched. We discussed how the work of these naturalist have affected our outlook on the world and raised global issues. Later we will be writing biographies.

We are also writing, using the laptops, reports about the lifecycles of different animals. We will be using presentational tools to help the reader.

In Maths we have focused on solving decimal problems. We have been trying to explain how we solve the problems.

Ambassadors of the Week

Kieson— for noticing that a relative clause is a parenthesis.

Oliver—for achieving a fabulous 49 out of 50 in a spelling test.

Information for Families

Cross Country on Saturday 18th
