

YEAR 5 LEARNING NEWS

Ongar Place
Primary School

Autumn 19th October 2018

This Week...

...has been one of lots of experiences.

On Monday we had a successful visit to the mosque. After being greeted by Habib, our guide, we were invited to watch the afternoon prayer inside a prayer hall. We then explored the mosque from the outside. We looked for patterns, counted stars and learned about who built the mosque. We finally went inside. It was small but beautifully decorative. Habib then told us about the mosque and Islam.

On Tuesday, we were visited by the Guildford Flames. They told us about the game of ice hockey but also told us about the dangers of drugs. We are all looking forward to going to one of their games.

On Wednesday, we learned how to perform CPR and had a tour of an ambulance.

On Thursday, Chertsey Museum presented the story of World War One to us and shared the importance of remembrance in this 100th year since the Armistice.

On Friday, we took a breath and returned to some 'normal' everyday learning.

Ambassadors of the Week

Beth— for asking lots of interesting questions when learning about CPR.

Jemma—for reading very accurately and expressively.

Information for Families

Thank you for your help on the trip.
Have a good half term.
