

# YEAR 5 LEARNING NEWS

Ongar Place  
Primary School

Autumn 21st September 2018

## Some pictures

## This Week....

In English we have been learning about expanded noun phrases by identifying and using nouns and adjectives. We have also been identifying features of reports and using that knowledge to plan and write a report. During guided reading we have also been reading reports while developing our comprehension skills.

Comparing and ordering large numbers, using knowledge of place value, has been a focus in maths. We have also been counting on and back in multiples of 10, 100 and 1000.

Another group this week have been practising chopping and cutting skills. They have made a jelly with pieces of fresh fruit.

In Art we have finished our line and tone patterns that we have named 'Zentangles' and started to apply our knowledge and skills to sketching natural objects, like leaves, feathers and stones.

We have also had our second session with Primary Robins within which we are learning to sing together. This week we learned, 'These are a few of our favourite things.'

## Ambassadors of the Week

**Ralph**— for showing some excellent knowledge and application in Maths

**Roxy** - showed fantastic creativity and accuracy in Art

## Information for Families

Next week, School Council elections on Tuesday and Macmillan Coffee morning on Friday
