Autumn 21st October

Some recent pictures...

This Week...

This week in English we have been investigating the construction of compound and complex sentences using coordinating and subordinating conjunctions. We have also planned and written an 'action' scene where Coraline is in danger.

During Maths we have begun to explore different methods of adding and subtracting. We also have continued to learn different tables.

On Wednesday, a few of us competed in a rugby festival at Cobham. We played three games and scored a few times. It was tiring but great fun.

In PE, we have continued to learn hockey skills. We have practised control, tackling, passing, defending and attacking, without hurting our fingers!

As scientists we have investigated mixing substances, recording observations and explaining what new material has been produced to make an irreversible change.

Ambassadors of the Week

Bruno — for writing a fantastic description of a creature from Coraline

Oliver and Arryan - for achieving top marks in the Place Value assessment.

Information for Families

Sayers Croft Kit List coming home today
Thank you for all your support this term,
signing planners, checking homework and
marking spellings.

Inset Day - 31st Oct
