

YEAR 5 LEARNING NEWS

Ongar Place
Primary School

Autumn 23rd November 2018

Some pictures

This Week....

In English we used a model to write a persuasive letter to convince people to recycle. We learned that it is quite hard to construct a good argument.

Line graphs have been at the centre of Maths this week. We have been reading interpreting and finally drawing our own line graphs. We learned about the importance of a ruler.

In Science we learned about day and night. We thought about why the sun appears to move across the sky and how this is connected to day and night. We drew diagrams, made a model and showed the changing amounts of daylight through the year on a line graph.

Some of us did our Bikeability training on Thursday. It was cold but great fun and we enjoyed receiving our badges and certificates.

And, on Monday we had a great time at Royal Holloway. We all tried some new sports— Ultimate Frisbee, Hockey, Cheerleading, Football and Lacrosse. Despite the weather we all had a lot of fun. Lacrosse was a popular activity.

Ambassadors of the Week

Charlie — who has been very helpful and organised this week

Alannah — who, as always, has been very polite, caring and thoughtful.

Information for Families

Next week— Sayers Craft.
