24th March 2017

### This Week....

In English this week we have focused on using 'topic sentences' to introduce the subject of a paragraph. These we have been using in our reports about animal lifecycles and biographies about naturalists.

During Maths we have given 100% of our focus to learning about percentages. We have learned about equivalences between fractions, decimals and percentages. We have also calculated percentage parts of amounts.

Back in time—History- we have learned about Ancient Egyptian communication and the system of hieroglyphics. We designed our own cartouche and translated our own name into hieroglyphs.

On Wednesday we enjoyed a performance of 'The Little Princess' by a visiting theatre company. They told a great story with song, dance and humour.

Early in the week most of us did some cooking. We made some Aish, an Egyptian flat bread, and Baba Ganoush, an aubergine dip. We all tried the food. The bread was liked by all but the dip had a very strong garlic flavour. The rest of us will cook next week.

### Ambassadors of the Week

**Rachael** — for showing understanding of character through inference during guided reading.

**Aaryan** — for writing an informative report about lifecycles.

### Information for Families

End of Term — Friday 31st 1:30pm
