

# YEAR 5 LEARNING NEWS

## Ongar Place Primary School

Addlestone, Surrey  
01932 842785

Autumn 25th November

**Next Wednesday — come to school at normal time dressed ready for adventure. Hand medicines (labelled) into Mrs Tuttle. Parents can stay to wave goodbye. We aim to leave about 9:30.**

## This Week...

In English this week we have started a new topic on Journeys. This will connect with our new Science topic - SPACE. We have read reports of a real UFO sighting and analysed these to determine the features of recount texts. We have also returned to sentence construction and reviewed where and when we should use commas.

During Maths we have moved onto multiplication and are learning some new vocabulary as well as how to use 'the ladder method' for multiplying large numbers. We also continue to practise our times tables.

On the computers we have been writing code that involves setting values and using co-ordinates to control the movements and location of an object.

In PE we continue to develop our skills in Rugby. This week we focused on passing. Looking, communicating and pointing the ball at the recipient. Similarly in Hockey we have been working on passing and taking up positions.

## Ambassadors of the Week

**Aaryan** — Having a 100% result in our Maths assessment

**Issie** — for working well when analysing recount texts for their features

## Information for Families

Thank you for the warmer P.E kits.  
Sayers Croft next week!

Please keep marking their spellings over the weekend. (We nearly all got 100% last week)
