This Week...

In English this week we have looked at characters in the stories of Robin Hood. We tried to use adjectives to describe them and tried to understand how and why characters behave as they do. Using this we then wrote a diary entry for a well known Robin Hood story but from a different character point of view.

In Maths we have explored 3D shapes. We have used models to establish their properties (faces, edges and vertices). We have made 3D shapes from 2D nets and we have learned how to represent 3D shapes in 2D isometric pictures.

In PE we learned to play some new movement games....

.....and of course we rehearsed!

The highlight of the week was our fabulous 'Sports Morning'. Everybody gave everything for their own team as well as supporting every other team and each other.

Ambassadors of the Week

Stella - for making great comments and connections in Science.

Jack—for 'seeing', drawing and understanding isometric shapes.

Information for Families

Transition Days (M,T,W)

District Sports (Wednesday)

Science Workshop (Friday)
