

Learning Highlights...

On Friday we had a day of languages. In year 6 we learnt about Portuguese. As well as looking at the culture

of Portugal we learnt about other countries around the world where Portuguese is the main language. It was a fun day.

Much of this week has been taken up with our first round of practise SATs. The children had a go at last years' tests and have done really well. It was quite challenging for some of them to work in silence but the results are looking good and we have identified some key areas for work.

DO NOT FORGET BIKES AND HELMETS FOR BIKEABILITY NEXT WEEK!

Issue No 5 Autumn Term
7/10/16
01932 842785

Learning Highlights

In maths next week we will continue to focus on addition and subtraction of numbers and decimals. We will reason out problems and deepen our understanding of strategies.

In literacy we will continue reading Holes and focus on diary writing, considering ways to express our own feelings in ways to interest a reader.

Through our science we will be investigating the effects of exercise on our pulse and breathing rates.

Star of the Week.

This week Star of the Week goes to Harrison. He has tackled the practise SATs enthusiastically and with great results. Well done Harrison.

Information for Parents
