

Learning Highlights

A huge well done to the whole class for the fabulous assembly on Wednesday. Everyone worked really hard to learn lines, find outfits and share their learning with the rest of the school.

In French the children have been learning about grammar and that words are masculine or feminine. The children have been describing clothes and food using different adjectives (colours) and changing the spellings to match.

In science we will be moving onto look at evolution and inheritance. It would be great if we could have copies of photos of relatives to look for similarities that have been inherited. Please do not send precious original photos!

Red Nose Day

Next Friday—15th March—is Red Nose Day. We will be holding a joke competition in class and the funniest jokes will be shared in assembly. The children are invited to come to school in red for a £1 donation. (No football kits please)

Star of the week.

This week our star is Matthew K. He was so enthusiastic about our assembly and loved wearing a dress. Well done Matthew,

Information for Parents

Dates for the diary

- 8th March—World Book Day
- 15th March—Red Nose Day—Wear Red (no football kits)
- 5th April—End of Term
- 23rd April—Summer term starts
