

## Learning Highlights

This week the children have been busy working in groups to design their own theme parks. Each group started with a budget of £5 million pounds and have had to calculate the building costs, running costs, revenue and profits. Each group has also had to produce a brochure for their theme park and prepare a marketing strategy. It has been hard work but their parks look like great fun.

In art we have been making our Greek pots using clay. They are now drying so we can paint them next week.

## Olivia

Rehearsals have now started!  
Please help you child to learn their lines so that we can get rid of the scripts!!!

Thank you.

Star of the Week this week goes to Ollie. He has loved the work we are doing on our theme parks and has played a really proactive role within his group. It is great to see him so enthusiastic. Well done Ollie.
