

## Learning Highlights...

Welcome to year 6!  
It is great to see all the children back after the Summer Holiday looking refreshed and ready for the year ahead.

This week we have been considering our class rules, discussing our favourite books, practising our times

tables, creating Pop Art based on a Brazilian artists work, exploring our new value of Peace and lots more. It has been a fun few days.

Please ensure that the children come to school prepared for the day ahead. They need to have their pencil cases, reading books and PE kits in school everyday.

## Learning focus

During these first few weeks in year 6 we will be focussing on the book 'Holes' by Louis Sachar. We will be considering how the author uses a variety of writing styles to draw the reader in and how to write powerful descriptions. Through our theme work we will be studying Brazil and the impact of deforestation.

In maths we are focussing on place value and the links between decimals and fractions. We will be also work on learning all our times tables for quick recall of these facts.

Everyone has settled quickly back into school routines and been working hard. Each week I will pick a Star Learner for their efforts in class.

## Information for Parents

Welcome to year 6!

We have a really busy year ahead of us as we begin to prepare the children for moving onto secondary school! There will be lots of hard work but also a lot of fun along the way!

If you have any worries or questions, please do not hesitate to ask.
