

## Learning Highlights

The children have worked really hard and are ready for the tests next week.

Please make sure that they have a good rest over the weekend and some fun.

This week we have been revising key areas of English and Maths ready for next week. All the children have worked really hard and know what they need to work on.

As a treat we will be having squash and biscuits after each test (if Miss Watts remembers to go shopping!).

If for any reason your child is feeling unwell or running late on the day of test, please phone the school office as soon as possible to let us know.

Issue No 2 Summer Term  
10/5/19

## Learning focus

Year 6 have started working with Synergy Dance to prepare some dances for our production in July. They are really enjoying the sessions and being challenged to move in time to the music!

In science we have been discussing and researching theories of evolution. The children have been creating PowerPoint presentations outlining the different theories they have researched.

## Star of the week.

This week our star is Rosie. She has been a superstar in all lessons especially English where she has shown great understanding of a wide range of grammar. Well done Rosie.

## Information for Parents

Dates for the diary

13th May—SATs Week  
20th May—Local History Week  
23rd May—House Trips  
24th May—Tea Party
