

Learning Highlights

Following the fabulous long week-end year 6 have been working hard revising and preparing for next week. They have all worked so hard and I know they will do their best.

Auditions are well underway for our production of 'Olivia' and the children will find out their parts after SATs so they can begin learning their lines.

Please remember hats, water bottles and to put sun screen on before school.

Homework

With SATs just around the corner, homework this week-end is to relax; do something fun and have lots of sleep. Do not worry—you are ready!

Star of the Week this week goes to Rachael. Her poem about animal cruelty was fantastic—she thought carefully about the language used and wrote a very emotive poem. Well done Rachael.

Information for Parents
