

# YEAR 6 LEARNING NEWS

## Learning Highlights...

We had a wonderful time on Wednesday afternoon at Junior Citizen at Thorpe Park. Despite not being allowed on any of the rides the children all had a great time and learnt loads. Throughout the afternoon the children learnt about road safety, water safety, first aid, fire safety, how to make a 999 call, staying safe on line and the dangers of electricity. The offer of going on a ride in the park was too great and they all went off with the 'stranger'!!! Hopefully they will remember the things they learnt about how to keep themselves safe.

## Learning Highlights

We are having great fun planning our own juvenile detention centre. The children have worked really well in groups deciding what the purpose of their camp is, what the rewards and punishments are and what the accommodation is like. It has been brilliant to see them all working in groups so collaboratively.

## Star of the Week.

This week Star of the Week goes to Callum. He has a conscientious attitude to all his learning and school life. Well done Callum.

## Information for Parents

- 17th November—PTFA Christmas Fair
