

Learning Highlights

Another great week—the children have really settled into the routines of year 6 and are working hard.

This week we have continued to read 'Holes' and produced some powerful persuasive posters for new inventions which look great on display in the classroom.

In music Mrs Meyer has begun the task of teaching the class to play the guitar!

Huge congratulations to all the children who went for the positions of head and deputy boy and girl. Mrs Good and Mrs Pirie, along with some members of the school council, were very impressed with the confident and articulate presentations that all the children made.

This morning, Mr Price from JHS came to see year 6 to talk about his school. It was lovely to see some year 7s come with him to tell us all about the school and answer some of our questions about secondary school life. The children were particularly interested in the prize draw where they could win a bike!!

Learning focus

We have started our history topic of Crime and Punishment. We discussed how crime and punishments have changed since the Roman times and taken our own fingerprints!

Well done to all of year 6—everyone has worked hard this week. Star of the week goes to Kimi. She has worked really hard in all lessons and has proven herself to be very kind and compassionate girl. Well done Kimi.

Information for Parents
