

Learning Highlights

This week we have been focusing on healthy living. We have been building on the work we did in September during our Well Being week and considered how to keep ourselves healthy. Harry Potter yoga was great fun although not as calming as it should be as we were all having too much fun.

On Wednesday morning we joined in a live HITT session with Joe Wicks specifically for children. The whole school took part and there were some very rosy cheeks after but the children really enjoyed it.

As part of our healthy living week the children have been busy in the kitchen. They made some carrot muffins which were delicious and didn't taste of carrots!!!

Issue No 5 Summer Term
16/6/2017

French Day

Straight after half term we had a French Day. The children spent the day taking part in a range of activities including some French cooking, singing in French, playing some French games and building models of the Eiffel Tower from artstraws. We all started the day with a French breakfast of bread, jam and hot chocolate.

Star of the Week.

Star of the week this week goes to Josh. He has worked really hard in maths this week where we have been looking at tessellations and fractal triangles! Well done Josh.

Information for Parents

19th June—Trip to McLaren
21st June—Sports Day
22nd June—Visit to JHS for maths
26th June—Halfords Workshop
4th and 5th July—transition days
13th and 14th July—Year 5 and 6 Production
