

## Learning Highlights...

On Wednesday, Mr Price from JHS came to see year 6 to talk about his school. It was lovely to see two year 7s come with him to tell us all about the school and answer some of our questions about secondary school life.

The children were particularly interested in the prize draw where they could win a bike!!

Everyday we have planned in a quick maths session after lunch to reinforce some core skills in maths. Each day we do something different including: problem solving, times tables, Number Talks and using different apps on the Ipad.

In music, Mrs Meyer is teaching year 6 how to play the guitar!!! Good luck Mrs Meyer.

## Elections

A huge congratulations to all of the children who put themselves forward for the role of Headboy and girl. 22 children went to be interviewed by Mrs Good, Mrs Pirie and two children from the school council. Both Mrs Good and Mrs Pirie have complimented the children on their eloquent presentations and were impressed at how seriously the children took the process.

Next week we will be holding House Captain elections.

## Star of the Week.

This week Star of the Week goes to Abigail. She has worked hard in all areas and has produced a wonderful persuasive advert. Well done Abigail.

## Information for Parents

Welcome to year 6!

Next week is Well Being Week. The children will be taking part in a wide range of workshops and activities. Please remember to pay £2.50 to help towards the costs.

If you have any worries or questions, please do not hesitate to ask.
