

YEAR 6 LEARNING NEWS

Learning Highlights

Really well done to everyone in year 6. You were calm and collected and did your best—even an Ofsted Inspector did not put you off.! I am so proud of you all.

Star of the week.

This week you are all Stars. Everyone was calm and focussed during SATs and I am sure the results will be a reflection of all your hard work. Well done Year 6.

Learning focus

Next week is our local history week. The children will be learning about the history of our school and the local area. If you have any photos or information about the local area that you could lend us we would be very grateful.

One morning we will be taking a walk around the area looking at things of historical significance so please make sure the children have a rain coat—just in case!

Thursday is our trips to Wisley, Brooklands, Runnymede and Painshill. Children will need to wear their school uniform and sensible shoes, bring a coat and their packed lunch.

Information for Parents
