

## Learning Highlights

Our trip to The Spike at Guildford was fantastic. The children were so excited by the whole experience and learnt so much about life in the early 1900s. Despite the freezing cold the children learnt all about life in the Spike and were shocked at how the residents were treated.

Issue No 10 Autumn Term  
17/11/17  
01932 842785

In literacy we have been learning how to write formal letters. The children have written thank you letters to The Spike and letters of complaint to Mr Judd, the Spike Master, about the awful conditions in the Spike.

We have begun work on fractions in maths and been considering how to find the lowest common multiples. We will be moving onto adding, subtracting, multiplying and dividing fractions.

Our science topic for the next few weeks will be electricity and light. We will be making circuits and investigating how light travels and how we see things. The children will design and make circuits to light up Christmas pictures.

Star of the week this week goes to Ellis. He has worked so hard especially in literacy this week and written some powerful formal letters. Well done Ellis.

## Information for Parents

Dates for the diary

22/11/17—Christmas Shopping  
12/12/17—KS2 Carol Service  
13/12/17—Pantomime Trip  
15/12/17—End of Term 1.30pm

If you have any worries or questions, please do not hesitate to ask.
