

# YEAR 6 LEARNING NEWS

## Learning Highlights

On Tuesday Milos and Andy from the Guildford Flames came to talk to year 5 and 6. They told us all about ice hockey and showed us the kit they have to wear. Erin looked particularly good in the full kit.

They also talked to us about drugs and the dangers of taking drugs and gave us some useful tips for saying no to drugs.

On Wednesday Padraig from the South East Ambulance Service came and taught us all how to perform CPR, it was a lot harder than we thought. He also let us have a look around the ambulance which was like a hospital on wheels.

Issue No 8 Autumn Term

## Learning focus

On Thursday morning 2 members of Living History in association with Chertsey Museum taught KS about life in WW1. It was fascinating to find out all about trench foot, urine gas masks, the food and conditions that the soldiers lived in.

Star of the week goes to Alfie. Alfie has worked hard in all areas especially PE and has represented the school well at football. His attitude to learning has really improved and he is achieving well. Well done Alfie.

## Information for Parents
