

Learning Highlights

In maths this week we have been looking at shape and geometry. The children have been investigating how to translate shapes in all four quadrants and how to find missing angles in shapes.

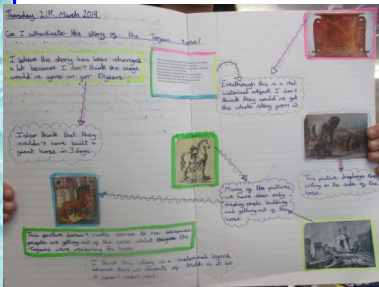

We have been looking at various pieces of evidence to try and authenticate the story of the Trojan Horse. The children have

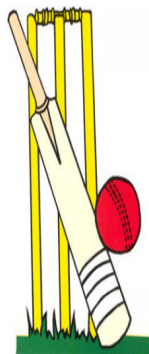

been discussing the artefacts, writings and pictures and considering how and why the story has been passed down for so long. Did it really happen? Historical

fact, legend or myth?

As the weather is beginning to get better—thoughts are turning towards summer sports. Mr Good has been working on cricket skills with year 6. The children have been practicing batting and bowling.

SATS

With only 21 more school days until SATs week it is important that the children continue to practice and prepare for the tests. Here are some useful websites that could help.

- BBC Bitesize KS2
- Spelling Frame
- Maths Frame
- Educationquizzes.com
- Topmarks.co.uk
- Times Tables Rock Stars

If you have any specific difficulties please ask so that we can help—do not leave it until the morning of the tests!!!

Star of the week.

This week our star is Ryan. He has worked really hard in all areas of the curriculum and tried to find different ways to approach problems. Well done Ryan.

Information for Parents

Dates for the diary

- 28th March—Heights and weights
- 5th April—End of Term
- 23rd April—Summer term starts
- 13th May—SATs Week

Please do not hesitate to contact me if you have any concerns.
