

YEAR 6 LEARNING NEWS

Learning Highlights

Another week of practice SATs and again the children have done themselves proud with their positive attitudes and focus during the tests. They are developing exam techniques as well as showing off what they can do. Please remind the children that they do not need to worry about SATs—by May they will be totally ready and will do well.

In Science we have been making circuits and the children were challenged to try and make a bulb light with different numbers of wires. It took them quite a while to realise that it was impossible without any wires.

Issue No 11 Autumn Term
24/11/17
01932 842785

Thursday morning was Christmas Shopping!

Star of the week this week goes to Malique. He has worked so hard especially in maths this week and shown great aptitude with multiplying fractions Well done Malique.
