

YEAR 6 LEARNING NEWS

Learning Highlights

In PE the children have been working on their tennis skills. Working in small groups they practiced trying to control the ball with rackets or their hands, hitting it back and forward across a net.

Science has been great fun. The children experimented making periscopes to try to reflect light in different mirrors so that they could see around corners.

This week they have been investigating refraction and finding out why straws can look bent in a glass of water.

Please remember that children should have proper PE kit in school everyday. Tracksuits for out door PE but shorts and T shirt for indoors.

Learning focus

Following on from the assembly last week year 6 have had a workshop with the NSPCC. The key message was 'Speak Out. Stay Safe'. All the children listened carefully and were able to explain what they could do if they did not feel safe.

Star of the week.

This week our star is Gracie. She has shown great resilience in all areas of learning—especially maths. Well done Gracie—keep up the great work.

Information for Parents

Dates for the diary

13th—15th February—High Ashurst
5th April—End of Term
23rd April—Summer term starts
13th May—SATs Week
