

YEAR 6 LEARNING NEWS

Learning Highlights...

Another week of practise SATs. The children have worked very hard and it is great to see their results improving. At parent's evening after half term I can share the progress with you.

The children have been spending time re-searching key events in ancient Greek history using books and the internet. They have found lots of fascinating facts—the girls are particularly worried about the fact that unwanted babies (usually girls) were just left outside!

Learning Highlights

In literacy we have started to focus on some non-fiction writing. The children have been using a range of sources to re-search the Ancient Greek civilisation and they will be preparing booklets of their re-search.

After looking through the maths SATs papers all of the class have found things that they need to work on individually and lots of 'silly' mistakes that they need to avoid next time.

Star of the Week.

This week Star of the Week goes to - Saniya. She has worked really hard and made great progress with her practise SATs.

Well done Saniya.

HELP PLEASE

For our science days next week we need empty cardboard boxes—cereal boxes would be perfect! Thank you.

Information for Parents

31st January/1st February—Science Fun Days
8th February—High Ashurst
13th February—Half Term
21st and 23rd February—Parents Evening
