

# YEAR 6 LEARNING NEWS

## Learning Highlights

Our last set of practice SATs papers were done this week, and yet again the children have been calm and done really well. They have all made good progress and are almost looking forward to doing the real thing in May!

We have spent time looking through the papers to spot our mistakes and most of us have found silly errors that we won't make again!!

In art the children have been drawing people in motion and painting landscapes. They have experimented with different brush strokes, colour mixing, perspective and shading. The results are really pleasing.

Issue No 10 Spring Term

## SATS

With now only **16** more school days until SATs week it is important that the children continue to practice and prepare for the tests. Here are some useful websites that could help.

BBC Bitesize KS2  
Spelling Frame  
Maths Frame  
Educationquizzes.com  
Topmarks.co.uk  
Times Tables Rock Stars

If you have any specific difficulties please ask so that we can help—do not leave it until the morning of the tests!!!

## Star of the week.

This week our star is Aron. He has worked really hard on his SATs and has made great progress. Well done Aron—keep up the great work.

## Information for Parents

Dates for the diary
